

Press Release

Metastorm Named to 2009 Supply & Demand Chain Executive 100 List

Leading Enterprise Software Vendor Highlighted as Supply and Demand Chain Leader

BALTIMORE, MD – June 29, 2009 – Metastorm, a leading provider of Business Process Management (BPM), Business Process Analysis (BPA), and Enterprise Architecture (EA) software for aligning strategy with execution, today announced it has been selected by *Supply & Demand Chain Executive* Magazine in this year's Supply & Demand Chain Executive 100 listing. Metastorm earned the award for demonstrating its leadership in helping organizations to both meet the urgent business imperatives of the current downturn and to thrive as the economy rebounds.

The 2009 Supply & Demand Chain Executive 100 consists of supply chain solution and service providers that are addressing the needs of companies of varying sizes, and assisting in the transformation of the diverse mix of functions that make up the supply chain.

"We are honored to be among the companies selected on this year's Executive 100 list," stated Eileen Garry, chief marketing officer for Metastorm. "This recognition reflects our continued dedication and commitment to delivering a comprehensive suite of products that help organizations address their unique business challenges and position themselves for future success."

The Supply & Demand Chain Executive 100 list and accompanying article are featured in the June/July 2009 issue of *Supply & Demand Chain Executive*, as well as online at www.SDCExec.com/SDCE100.

About Metastorm, Inc.

With a focus on enterprise visibility, resource optimization, efficiency and agility, Metastorm offers market-leading software for enterprise and business architecture (EA), business process analysis (BPA), and business process management (BPM). As an integrated product portfolio, Metastorm Enterprise allows organizations to improve business results by better aligning strategy with execution. By combining the power of these three disciplines onto a common platform, Metastorm is helping organizations worldwide focus on the right business improvements, instill stronger governance, and accelerate time to value.
