

Press Release

Metastorm Announces Live Webinars for July

BALTIMORE, MD – July 1, 2009 – Metastorm, a leading provider of Business Process Management (BPM), Business Process Analysis (BPA), and Enterprise Architecture (EA) software for aligning strategy with execution, today announced that its July 2009 webinars are now open for registration. Metastorm offers live webinars monthly on a variety of topics that are of interest to the EA, BPA and BPM communities.

Upcoming webinars include:

Achieving Total Governance through Continuous HR Processes

Thursday, July 9, 2009

11:00am EDT/ 8:00am PDT / 4:00pm BST

In today's economic landscape, organizations are being pressured to reduce costs, while continuing to maintain intra and cross functional operability. This includes corporate Human Resources (HR) which is being challenged to streamline personnel management and development practices, while aligning human capital with business goals. Come learn how an organization can optimize its HR processes and instill total HR governance through the implementation of an end-to-end HR process management solution.

When Data, Process, and Legacy Systems Collide: Real BPM

Thursday, July 23, 2009

11:00am EDT/ 8:00am PDT / 4:00pm BST

Many IT solutions have been developed to address demand for unobstructed access to information collaboration that also enables speed and malleability. This webinar will show the collaborative power of enterprise process modeling including ways it repurposes business rules and shares information across vast data sizes and technology platforms. Learn how the visual workspace of modeling has become the killer application to marry the interests of business and IT.

To register, visit <http://www.metastorm.com/news/webinars.asp>.

Metastorm also offers an extensive library of onDemand Webcasts. View the complete list at www.metastorm.com/library/ondemand.asp.

About Metastorm, Inc.

With a focus on enterprise visibility, resource optimization, efficiency and agility, Metastorm offers market-leading software for enterprise and business architecture (EA), business process analysis (BPA), and business process management (BPM). As an integrated product portfolio, Metastorm Enterprise allows organizations to improve business results by better aligning strategy with execution. By combining the power of these three disciplines onto a common platform, Metastorm is helping organizations worldwide focus on the right business improvements, instill stronger governance, and accelerate time to value.
