

Press Release

Metastorm CEO to Appear on Panel at Jefferies 2009 Technology Conference

BALTIMORE, MD – September 9, 2009 – Metastorm, a leading provider of Business Process Management (BPM), Business Process Analysis (BPA), and Enterprise Architecture (EA) software for business resource optimization, today announced that on September 16, 2009, Robert Farrell, chairman and CEO of Metastorm, will be addressing the software industry as part of a private company panel discussion at Jefferies 2009 Annual Technology Conference at the Mandarin Oriental in New York City.

The event, which attracted over 700 attendees last year, features speakers from both public and private technology companies. For more information, visit www.jefferies.com.

About Metastorm, Inc.

With a focus on enterprise visibility, resource optimization, efficiency and agility, Metastorm offers market-leading software for enterprise and business architecture (EA), business process analysis (BPA), and business process management (BPM). As an integrated product portfolio, Metastorm Enterprise allows organizations to improve business results by better aligning strategy with execution. By combining the power of these three disciplines onto a common platform, Metastorm is helping organizations worldwide focus on the right business improvements, instill stronger governance, and accelerate time to value. For more information and success stories on organizations powering strategic advantage with Metastorm Enterprise, visit www.metastorm.com.
